

Lady of Autumn LYRICS **(SATB)**

Intro - ALL

Ah_____ etc

Refrain - ALL

My lady of Autumn, sing my your song,
Play me your tune, Tell me I'm wrong,
Tell me you don't mean the things that you say,
Tell me that we'll find a way.

Verse 1 - T & B

Your eye clear as winter, your touch fresh as Spring,
Your way like the summer, free as birds on the wing,
But the seasons are changing, It's time you were gone,
And the colours of you will go on.

Refrain - ALL

My lady of Autumn ...
...Tell me that we'll find a way.

Verse 2 - S & A

The fields that were golden are changing to brown,
Leaves that were green tumble to the ground,
And the warm sun of summer makes way for the snow.
I know it's time you must go.

Refrain - ALL

My lady of Autumn ...
...Tell me that we'll find a way.

Verse 3

SOP - For the light it is changing, The sky's overcast,
+ ALTO - Winter is here now, Autumn is past.
+ TENOR - And deep in this dark world some warmth I must find.
+ BASS - Though it's winter in the valley, It's still Autumn in my mind.

Refrain - ALL

My lady of Autumn ...
...Tell me that we'll find a way.

Tell me that we'll find a way.
