

In Little Stars LYRICS

SOP / ALTO / TENOR / BASS

When he shall die

Take him, take him, take him, take him, take him, take him

And cut him out in, out in little stars, little stars, little stars.

And he will make the face of heaven so fine,

Of heaven so fine,

SOP

That all the world will be in love,

That all the world will be in love

With night,

And pay no worship

To the garish sun.

ALTO / TENOR / BASS

that all the world__ in love__,

that all the world__ in love__,

with night,

And pay no worship

To the garish sun.

(The word "fine" Basses split into B1 and B2)
